

SPONSORED HOURLY RECEPTION

To help you plan your budget for an event that includes a reception, we provide a flat per-person charge. This allows your guests freedom to consume an unlimited amount of beverages within the specified time period. In addition, it gives you the total charge prior to the event. For a reception that precedes a luncheon or dinner, the charges are based on the guarantee for that event. Should the number of guests in attendance exceed the guarantee, the charges are based on the actual number of guests attending.

For a cocktail party, a guaranteed attendance is required and charges are made accordingly, per person.
